

I am requesting that you protect FM translators from being forced off the air by new LPFM stations. We listen to K-LOVE via a translator, and it is our only access to contemporary Christian music. We love the station, and even help support it by our donations. It's practically all we listen to any more. Many of my friends and extended family listen to it as well. On K-LOVE we hear many practical ideas for family living, childrearing, marriage, and standing up for our faith. We also are able to listen without worrying about what our children hear, unlike most stations on the radio today. We feel it is definitely in the public interest to keep stations such as K-LOVE on the air.
